

CADEXAIR PARTNERS WITH ABILITY REPS TO OFFER HIGH-QUALITY COMMERCIAL KITCHEN HOOD SYSTEMS

*** FOR IMMEDIATE RELEASE ***

MONTREAL, Feb. 14, 2023 / PRNewswire, Associated Press/ -- **Cadexair** and **Ability Reps** today announced the partnership for the exclusive representation of commercial kitchen exhaust systems for the New England area. **Cadexair's** offering includes the Stadium, CA, CRS & C3 Series. Additionally, the pollution control systems and electrostatic technology will provide unique solutions for the New England market.

Cadexair, a leading provider of commercial kitchen exhaust equipment, has announced a new partnership with **Ability Reps**, a renowned manufacturer's representation firm specializing in the foodservice industry. This collaboration aims to expand **Ability Reps'** product offering, providing customers with a wider range of high-quality hoods for their commercial kitchens.

As part of this partnership, **Ability Reps** will have access to **Cadexair's** portfolio of cutting-edge hoods, including energy-efficient models and innovative designs that meet the most stringent industry standards. With this new range of products, **Ability Reps** will be able to cater to a broader range of commercial kitchen requirements and offer custom solutions for clients with unique needs.

"We're excited to be partnering with **Ability Reps**, a firm that shares our passion for quality and innovation in commercial kitchen equipment solutions. With their established reputation in the New England market, we can offer our clients a broader range of solutions to meet their unique needs. We believe this partnership will help us better serve our customers and continue to drive growth for our business." – *Francis Brassard, P.Eng., CECS, Owner and Chief Executive Officer.*

"We're thrilled to be partnering with **Cadexair**, a company that has established itself as a leader in the commercial kitchen equipment market for more than 35 years. Their commercial kitchen hoods are designed to deliver exceptional performance and energy efficiency, and we're confident that our customers will benefit from their products. We look forward to working closely with **Cadexair** and supporting their business growth." – *Owen Freeman, Company Principal.*
